Minnesota Association of Health Underwriters (MAHU), Receives Legislative Excellence Award

Minneapolis, MN (6/27/2015) — MAHU recently received the Legislative Excellence Award at the National Association of Health Underwriters' (NAHU) 85th Annual Convention and Exhibition in New Orleans, LA.

MAHU was recognized for this award for having an active legislative committee, communicating with legislators, sponsoring legislative events such as Day on the Hill, forming a strong relationship with the insurance commissioner's office, working with lobbyists, maintaining relationships with local media, educating membership about legislative issues, attending legislative leadership workshops and having activities that support NAHU's political action committee.

"The leadership of NAHU members has a far-reaching impact on providing for the healthcare needs of individuals, families and business in their communities. We are grateful for MAHU hard work involving legislative activities and recognize them for those efforts with this well-deserved award," said NAHU CEO Janet Trautwein.

"MAHU exemplifies the dedication to providing the best opportunities for our members through legislative initiatives," said Matt Feran, past president of MAHU. "This year, our chapter organized legislative updates in our local community, newsletters and editorials as part of our communications efforts and hosted monthly luncheons to further our members' educational efforts. These projects and many others have set a standard of excellence in the health insurance industry that we are proud to represent."
